Testimonials I really like its dark mode and incognito mode which comes with a

pin authentication. It has a very fast download speed and my files automatically get categorised after download. This browser is worth the hype. Prabhavathi P. I check event banners every day to stay updated. Using the Quicklinks feature, I access my favourite websites in a click. I am also using Progressive web apps supported by JioPages which saves storage and I need not download individual apps. Mandar Joshi It has the maximum number of customisation options, I have seen so far. I love the fact that I can customise my feed and choose how my app home screen should look. Arushi Srivastava It's navigation is smooth, page load is faster and overall it's very convenient to use. I like its live cricket score card, top sites and short videos feature. Their reader mode is the best feature so far. Chetan G. JioPages Not just another browser
