Perfected for India's Wi-Fi needs Reliable Network AirFiber offers a stable and consistent connection, ensuring uninterrupted service and high-speed performance for all your internet needs. Wider reach Covering a broad area, AirFiber allows you to stay connected across multiple locations, offering seamless

service throughout your home. Connects multiple devices AirFiber effortlessly connects multiple devices, allowing seamless browsing, streaming, and gaming without compromising on speed or performance. Real-time streaming Experience lag-free, high-quality streaming with AirFiber's ultra-fast speeds, perfect for real-time content without interruptions or buffering issues. Available across 7,722 towns in India Let's check if AirFiber has made it to your city as well. Check availability Let's unbox your AirFiber FREE Install with Annual Plans Outdoor Device Wi-Fi Router 4K TV Set Top Box Still have questions? Check AirFiber FAQ What is AirFiber? AirFiber is a service that will redefine how we experience and manage our homes and businesses. It provides an opportunity for TV or broadband users to upgrade to a world-class home entertainment, broadband, and digital experience, delivered through one integrated service. AirFiber provides the best-in-class value proposition and plans as JioFiber. Digital Entertainment: Top 800+ digital TV channels. All your favourite TV channels are available in high-definition. Catch-up TV: You can now go back as long as you want and pull out your favourite shows to watch them later. The most popular 16 OTT apps: JioAirFiber gives you free access to the leading OTT apps. You can also utilise this subscription to use the apps across any device of your choice, be it TV, laptop, mobile or tablet.

Broadband: With indoor Wi-Fi service, you enjoy Jio's reliable Wi-Fi connectivity and high-speed broadband experience everywhere in your home and business premises.

Smart Home Service: Enables the following smart systems at your home for an exceptional smart living experience. Cloud PC for education and work-from-home Security and surveillance solutions Healthcare Education Smart Home IoT Gaming Home networking Home devices at no additional cost Latest Wi-Fi router for coverage everywhere in your home 4K smart set-top box Voice-active remote I already have a JioFiber connection. Can I switch to AirFiber? JioFiber provides the best-in-class service experience for connectivity and entertainment services. However, you can still opt for AirFiber as an additional high-quality backup service. How to get a new AirFiber connection? Step 1: Connect with us

Give a missed call on 60008-60008 to book via WhatsApp Go to our website: <https://www.jio.com/selfcare/interest/airfiber> Visit your nearest Jio Store Step 2: Complete the booking process Register for AirFiber services in a few quick and easy steps online or offline. Step 3: Get Confirmation We will get in touch with you and connect your home on priority as soon as services are available in your locality. How do I check if AirFiber is available in my city? You can check the availability of JioAirFiber in your city in a few simple steps. Just click on this link <https://www.jio.com/jcms/airfiber/> and check if your city's name is there. What is the difference between AirFiber and JioFiber? AirFiber will provide best-in-class value propositions and plans, just like JioFiber. Is installation required for getting a new AirFiber connection? Is installation paid? To ensure an ultra-fast connection, an outdoor unit will be installed on your

terrace/rooftop or outside your home. This installation service is chargeable at Rs. 1,000 but will be waived off in case you opt for an annual plan. You can also take the benefit of credit/debit card-based EMI to pay monthly and still get the benefits of an annual plan.
